THIS IS UNEVALUATED INFORMATION

25X1

25X1

For the U.S.S.R.

1,436 gondola cars  
204 flatcars of types R, X, S, SS, SSL  
2,205 boxcars for grain shuttle trains  
99 refrigerator cars

For Poland

3,113 gondola cars for coal shipments

25X1

20 refrigerator cars for fish

For Czechoslovakia

1,113 gondola cars for coal shipments

For Rumania

220 refrigerator cars for meat. \*

25X1

Comment. The number of gondola cars dispatched to the U.S.S.R. increased considerably in June as compared to May, while the number of cars of other types decreased. The increase in the number of gondola cars may be connected with the current motor vehicle replacement program. The number of gondola cars dispatched to Poland rose by almost 400 percent, probably in connection with increased coal imports. The same applies to the gondola cars sent to Czechoslovakia. There was almost no change in the number of cars sent to Denmark and Rumania.

25X1

Romania. [redacted] change in the number of cars sent to Denmark and
